

Nebo Notes

Lem Stanley has moved his family to Coaltown, where he has accepted a position as engineer at the mines of the Rose Creek Coal Co.

A. M. Gibson, our telephone manager lost his pocket book with fifteen dollars last week, it contained also several receipts, it was found and returned by E. H. Edmonson the colored preacher, who saw his name on the receipts and knew who lost it. How is that for honesty these hard times, and Christmas near here?

Miss Allie Campbell, our teacher of the Ilsey school came home Friday for the holidays.

Miss Rebecca Hobgood, one of the Dawson teachers is at home for Christmas.

Mr. and Mrs. Garland Gatlin, a newly married couple visited the brides sister, Mrs. Bert Hobgood Sunday.

All of our home boys and girls who have been away at school have come home for the Christmas holidays.

There is a prospect of hard times in sight if tobacco don't get to moving pretty soon. There is little money in circulation, only the miners and R. R. section hands have money for Christmas. The merchants are getting blue over the situation. No tobacco sold yet, that makes hard times.

Our girls have been busy for several weeks sewing and embroidering, behind closed doors, making homemade but useful and handsome articles for Xmas gifts for each other. We love to see this lovely spirit in our girls.

Good luck to the Bee and a merry Christmas and a happy new year.

Ordinance.

The attention of the citizens of Earlington is respectfully called to the following ordinance, which is still in effect:

The City Council of the City of Earlington, Ky., do obtain as follows:

That on and after Dec. 8rd, 1912, that it shall be and is unlawful for any person to fire, discharge or explode, fire arms or fire works of any description whatever on the streets, alleys, or any public place within the corporate limits of the city of Earlington, Ky., and any person who shall violate this ordinance or any part or parcel thereof, shall be guilty of misdemeanor, and upon conviction therefore, shall be fined not less than \$10, nor more than \$50 for each offense.

Attest: Dan M. Evans, Mayor.
Paul P. Price,
William Bradley, Chief of Police.

A Christmas Present From The Bee

The Bee will give the first five young ladies in Earlington who apply after this issue is mailed in the Post Office a ticket to "The White Squaw" that will be produced in the Garrick Theatre in Madisonville on Dec. 27th. All that you have to do in order to get these tickets is to come to the Bee Office and say you saw this advertisement. This offer applies to either the Matinee or Night Performance.

When the hands chap badly and the skin splits on the finger tips, every motion is painful. BALLARD'S SNOW LINIMENT puts an end to the misery. One or two applications heal all soreness and restores the hands to sound condition. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co. Incorporated, Drug Department.

Candor and Manners.

Pitt was once canvassing for himself, when he came to a blacksmith's shop. "Sir," said he to the blacksmith, "will you favor me with your vote?" "Mr. Pitt," said the son of Vulcan, "I admire your head, but hang your heart." "Mr. Blacksmith," said Pitt, "I admire your candor, but hang your manners."

What The Railroads Need To Spend To Keep Their Rolling Stock Up To The Standard.

Railroads! Four railroads are about to spend nearly \$50,000,000 for rolling stock. This is to meet the car shortage on the St. Paul, the Atchafalpa, the New York Central and Northwestern systems. Nearly all of this money will go into wages. This means \$1,000,000 a week for a whole year to be expended by only four railroads. What would happen if all the railroads in the country ordered the new equipments they stand in such great need of? The wealthy corporations of which we have spoken have the resources and credit necessary to meet their requirements. But what of the hundreds of railroads which lack these essentials, but need new equipment? They would spend untold millions for additions, improvements and rolling stock if they could only provide the funds. The increased cost of material and the increase in wages make it very difficult for such railroads to raise the necessary funds. If the Inter-state Commerce would lift its heavy hand, the situation would change in a moment and prosperity would have a fair show. One of the first things the incoming President should do is to reorganize the Inter-state Commerce Commission and make it the judicial body it was intended to be and not an anti-railroad commission. We second the motion of our esteemed contemporary, the New York Herald, when it says: "A good, sharp, smoothly working guillotine is what should be employed, moral suasion and Christian protestation having proved unavailing."

THE BEST PROOF

Earlington Citizens Cannot Doubt It.

Doan's Kidney Pills were used—They brought benefit. The story was told to Earlington residents.

Time has strengthened the evidence.

Has proven the result lasting. The testimony is from this locality. The proof convincing.

J. H. Thompson, plumber, Princeton, Ky., says: "I am thoroughly convinced that there is no other remedy as good for disordered kidneys as Doan's Kidney Pills. I was troubled for five years with backache and other annoying symptoms of kidney complaint. During the early part of the winter when the cold weather sets in, I was sure to have an attack of lame back that made it impossible for me to work for days at a time. I tried many remedies but got no relief. It was just about a year that I was laid up when a friend advised me to try Doan's Kidney Pills. I got a box and began taking them. In two days was back to work, feeling better in every way. I do not have backache now and my health has been greatly improved."

The above statement was given February 6 1908 and when Mr. Thompson was interviewed on February 3, 1912 he attested: "I am glad to confirm the public statement I gave four years ago, raising Doan's Kidney Pills. Whenever I have occasion to use this remedy, I have been greatly benefited."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Drastic Punishment.

For having vexed her dead husband during life, a Parisian shopkeeper, Mme. Mathilde David, recently set herself on fire after saturating her clothes with petrol. In a letter, which she wrote before her suicide, she stated that she had chosen the most painful death she could think of to punish herself.

If you are troubled with chronic constipation, the mild and gentle effect of Chamberlain's Tablets makes them especially suited to your case. For sale by all dealers.

THE WHITE SQUAW FRIDAY NIGHT

Good Show at The Garrick For That Evening by a Strong Company.

A play that may be said to be a downright novelty, in that it is clean wholesome, graced by romance, bubbling with laughter and rich in heart interest, is "The White Squaw," to be seen at the Garrick Friday, Dec. 27, matinee and night.

The play is from the pen of the talented young actor-author, Della M. Clarke and is referred to as one of the stage successes and one that is destined to endure.

"The White Squaw" is styled a romantic American drama. The scenes are laid in the Michigan forests some fifty miles from Detroit and the time is just about 100 years ago. Antoine Campeau, of Montreal, his wife and two little daughters are dwellers in this wilderness, strange to the white man and familiar to only a few Indians. Campeau goes hunting one day, accompanied by one of the children, Leah, dark like her father. He leaves at their other log cabin his wife and other child, Octavia fair and golden haired. Campeau is slain by a beast of prey, but Leah is rescued by Michabo, a Chippewa Indian. The child is reared by the Redskin and Ampata, his squaw who grow to love her very dearly and lead her to believe she is their own child.

Chronic rheumatism contracts the muscles, distorts the joints and undermines the strength. A powerful penetrating and relieving remedy will be found in BALLARD'S SNOW LINIMENT. It restores strength and suppleness to the aching limbs. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co. Incorporated, Drug Department.

Jack The Bean Stalk, A Four Act Operetta, A Splendid Success.

The four act operetta at the Temple theatre Friday night was a first class entertainment furnished by the small children of the Earlington Graded school. Prof. Hammond Loving showed his wonderful skill and ability in arranging and producing this perfect programme.

Tommy Featherstone, as Jack held his part to the point, although the thoughtless youth that he was, causing his poor, hard working mother many anxious moments. But with the assistance of the little fairy succeeded in repaying his mother tenfold for his many follies. Miss Lena Davis as Jack's mother showed in every feature the anguish and anxiety for the welfare of her wayward son. The tired careworn expression and all signs of weariness gave way to the delight and happiness of the real glad mother when Jack's fortune was laid at her feet.

Through the extreme kindness of Virgil Shanks, of Madisonville the part of the Giant was unexcelled. Voice and make up of this lad being everything necessary to carry the part intended. Miss Thelma King as Madame Giant comes in for her full share of praise. She was the typical modest fearing woman we would all expect such a fair dainty maid to be of such a master as the Giant. Although she stood very much in awe of the cruel Giant her big heart was always warm for those in need. Miss Sue Wade Davis as the fairy deserves loads of praise for unusual ability to deliver her long lines with such splendid expression and in each instance did her share of the work with ease and grace seldom seen in a child of these tender years. Prof. Loving played the accompaniment for the children and Miss Zena Shanks of Madisonville rendered splendid music between acts which was enjoyed by the audience. Miss Shanks has splendid musical ability and her efforts are always appreciated.

The entire oborone of little folks surpassed the average performances of this kind and the instructors deserve much credit for the accomplishment of amusement of this kind.

Bad taste in the mouth is removed with a dose of HERBINE. It sweetens the stomach and purifies the liver and bowels. Price 50c. Sold by St. Bernard Mining Co. Incorporated, Drug Department.

Few Weather Facts.

California has the least number of thunder storms, and Alabama and Florida have the greatest number. Florida has the most even temperature.

Fast
We are not only progressing, but we are madly rushing on. It is the fastest of all fast ages. The twentieth century is on the run. Girls are women before they are out of school. Boys still in knickerbockers think they ought to vote and assume the responsibilities not only of their households, but of State and national affairs.

We have no time to think. We must plant to day and to tomorrow. The magicians places a seed in an earthen pot, tosses a cover over it and in a moment reveals the growing tree. He typifies the spirit of the times. Our old Constitution, the Constitution of the country for over a hundred and thirty years, is frayed at the edges, threadbare, worn and played out. The Ten Commandments, which have stood for ages, must be revised and readapted to a century of progress.

The iconoclast is in the saddle and demagogue is his spokesman. It is the age of theory, the theatre and the moving picture show. The graceful dances of the past are obsolete. The minute has given way to the turkey trot and the bunny hug. Riches accumulate and men decay, while decency is dethroned.

What has become of the delightful courtesy and deference of the older days, in the home circle, in the office and in the public place of meeting?

Whether we are drifting?—Harpers Weekly.

ECZEMA CAN BE CURED! I Will Prove It To You At My Expense.

HUTZELL, 123 W. Main St., Ft. Wayne, Ind.

Still Admired the Ring.

A few days ago Maud, who was a little jealous of Ethel, said: "When you broke your engagement with Jack, of course you returned the diamond ring he gave you?" Ethel answered promptly. "No, and I don't intend to, either. I don't care for Jack any more, but my feelings have not changed toward the ring."—National Monthly.

Drives off a Terror

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Pawsonville, Vt., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. At all druggists.

Unfair Blow.

Charming Wife—"Gerald, all I had to pay for this lovely hat was \$30. How does it strike you?" Surprised Husband (gasping)—"Marie, that strikes me below the money belt!"—Chicago Tribune.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application he was well. For sale by all dealers.

Notice to the Public.

On account of the Holidays, there will be no issue of The Semi-weekly Bee on Friday Dec. 27th. The next paper will be issued on Tuesday Dec. 31st.

Notice Shriners.

Thursday evening, Jan. 2, 1912, Ritzaph Patrol will give a banquet to our new potentate, Henry P. Barrett, at Hotel Madison. All Shriners wishing to attend should notify E. B. Hartin, captain of patrol, at once. The banquet will take place at 8:30 p. m.

COULD SHOUT FOR JOY

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters. In curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.

DON'T FORGET THE POOR.

Do not in the morning forget the children of the poor, the children looking through the window at Santa Claus, centered every hope that could be in their little breasts on their faith that they will be remembered just the same as every other well to do child has the same hopes and expectations. Their belief was just as real that Christmas morning would find their little ragged stockings filled, as if they were the children of the wealthiest in the city.

THE DOCTORS QUESTION

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is: "are your bowels regular?" He knows that ninety-eight per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Reckall Orderlies are positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Reckall Orderlies are eaten like candy, and they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons and old folks. Two sizes, 25c and 10c. Sold only at our store—The Reckall Store.

"The Good Lord Made Them All."

You doubtless remember the story of the old lady who deplored the shooting of crabs because, though she didn't know what they were, "life was probably as dear to them as to anybody."—From "The Business of Being a Woman," by Ida M. Tarbell.

"I suffered habitually from constipation. Doan's Regulents relieved and strengthened the bowels so that they have been regular ever since."—E. Davis, Grocer, Sulphur Springs Texas.

Fairly Good Excuse.

A candidate for state office asked a Leavenworth man over the phone the other day to look up some election returns. "I'll do it in a few minutes," said the Leavenworth man. "I am very busy just at this moment. My \$40,000 business block is burning down."—Kansas City Journal.

For any itchiness of the skin, for skin rashes, chaps, pimples, etc., try Doan's Ointment. 50c at all drug stores.

Idea Not Attractive.

"Why don't you write a play?" asked an actress of the late David Graham Phillips. "I have too many other ways of breaking my heart!" he replied, with a bitterness which suggested that he had already experimented in the matter.

Signs Of Sanity.

Signs of public sanity are appearing. They are very welcome. The people of Arizona, as soon as that State was admitted, adopted, against the protest of many thoughtful citizens, a constitutional provision that if the the corporations forced an unfavorable measure through the Legislature, the people should have a chance to kill it by the referendum. The Legislature proceeded to pass laws that were apparently unfair to the corporations, and especially to the railroads. So the railroads circulated petitions to have a referendum on these measures, and as the corporations employ more than half the residents of the State the petitions were willingly signed. Meanwhile, the anti-railroad laws were automatically suspended in their operations until the voters could have a chance to speak. It's a poor rule that won't work both ways.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drug.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Sample bottle of Swamp-Root free by mail.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the Earlington Semi-Weekly Bee.

Her Opportunity.

"I'd like to open a singing school," said the young lady with the squeaky voice, as she stepped from the train at Brecon. "Do you think there is a large field in this community?" "Yesum," drawled the rude farmer on the platform, "thar be a field 40 acres wide back o' the briek-kilns, an' nothin' you could disturb, but rabbits and worms."

For coughs and colds use BALLARD'S HOREHOUND SYRUP. It acts soothingly in the irritated lungs and throat. Price 25c, 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co. Incorporated, Drug Department.

Flareback.

"Had your diamonds stolen lately?" Inquired the cub reporter. "Engaged to any dukes?" "Kindly omit banalities," responded the stage favorite. "Actresses don't talk that kind of stuff nowadays. If I am to be interviewed, I shall discuss ethical questions only."—Louisville Courier-Journal.

Owing to the unqualified success of "The Balkin Princess" both in London and New York, local lovers of high class amusement will be pleased to learn that this pre-eminent musical success will be seen at Madisonville Wednesday Dec. 11th. The presenting company is unusually large and includes most of the original members and the famous Balkan Beauty Chorus.

Finance.

Marks—"I have some money, but I don't know whether to buy a home or an automobile." Parks—"Take my advice; buy a home and mortgage it to get the machine. Then you'll have both."—Boston Transcript.

Foils a Fool Plot

When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at all druggists.

Children Feel Inquisitive.

In the little world in which children have their existence, whatever brings them up, there is nothing so finely perceived and so finely felt as injustice.—Charles Dickens.

Diplomatic Youth.

Seven-year-old Bobbie brought his first report home from school, and it was bad. His mother scolded him, but he bore up bravely, and at the end of the maternal lecture he said by way of encouragement: "After all, ma, the greatest thing in life is health."

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building, iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Sold by ST. BERNARD MINING CO. Incorporated, Drug Department Earlington, Kentucky

Unkindly Suggestive.

A lady of advanced age required the services of a page-boy, and advertised: "Youth wanted." One of her dearest friends sent her by the next post a bottle of Plank's celebrated wrinkle filler and skin-tightener, a pot of fairy bloom, a set of false teeth, a flaxen wig, and a cake of iodine soap.

Write Ideas for Moving Picture Plays

YOU can write photo plays and earn \$25. or more weekly.

WE WILL SHOW YOU HOW!

If you have ideas-- if you can **THINK**--we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving Heaven and Earth" in their attempt to get enough good plots to supply the ever increasing demand. They are offering \$100. and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and write it out as directed by us, and it sells for only \$25., a low figure.

You Will Earn \$100. Wonthly For Spare Time

When you feel dull, out of sorts, discouraged, half sick and everything seems to be going wrong, you can blame it on your liver. It is torpid. You need

HERBINE

A Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine cleans out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

CONDUCTING THE PRAYER MEETING

With Other Topics That Are of Interest to the Workers for the Church.

THE leader's aim should be to foster and encourage by his own suggestions the expression of religious experiences of a genuine and unostentatious character, that the power and freedom of the spirit may be realized in the meeting.

The leader's own part should be as awakening and suggestive as possible, and at the same time instructive and edifying. When it is found that others are reluctant to take part in the meeting or their contributions have become largely mechanical and spiritually unfruitful, the leader's part may be developed into a lecture. This mode is found most satisfactory in many English churches, and in many city churches among us. Such lectures should, however, be carefully conformed to the occasion and be promotive of the same ends sought in the prayer-meeting. They should not be sermons, and should be of a strictly practical and devotional character.

For such occasions, the exposition of Scripture in longer portions has been made by many men, notably F. R. Robertson and Alexander McLaren. So also in this country the late Dr. George Dana Boardman used the whole of the New Testament systematically in this way. Others have taken the topics of the Sunday-school lessons or the Christian Endeavor series. This plan has the advantage of uniting different branches of the work of the church and utilizing an interest already awakened.

Such expositions of Scripture should be proposed with care, and based on a critical study of the portion selected, in which the leader avails himself of the best modern authorities, but this critical work should not be introduced into the exposition, the results simply being practically applied.

These expositions should be both devotional and practical, the spiritual impulse being first sought for, and then its moral application being indicated. This is the apostle Paul's method in all his epistles. Sufficient variety of subjects can be found and touched upon incidentally to a systematic course of Bible study. Perhaps a rapid survey of the contents of Scripture by books will be found less tedious than a series on a single book might.—Leighton Williams, D. D., Marlborough-on-Hudson, N. Y., in the Homiletic Review.

Lameness

Good for Swelling and Abscess.

Mr. H. M. Gibbs, of Lawrence, Kan., R. F. D. No. 3, writes: "I had a mare with an abscess on her neck and one on her hind leg. Sloan's Liniment entirely cured her. I keep it all the time for galls and small swellings and for everything about the stock."

SLOAN'S LINIMENT

is a quick and safe remedy for hog cholera.

Governor of Georgia uses Sloan's Liniment for Hog Cholera.

"I heard Gov. Brown (who is quite a farmer) say that he had never lost a hog from cholera and that his remedy always was a tablespoonful of Sloan's Liniment in a gallon of slops, decreasing the dose as the animal improved. Last month Gov. Brown and myself were at the Agricultural College building and in the discussion of the ravages of the disease, Gov. Brown gave the remedy named as 'unfailing.'"

FEWER ROADS TO BE BUILT

Future Construction Must Wait Until the Problems of Today Have Been Settled.

For thirty years we have added an average of about 6,000 miles of new railroad a year to the American transportation system. To build and equip these lines we have drawn from all the markets of the world about \$240,000,000 a year in new capital. Today those who figure on the building of new lines have to face two very serious problems.

The first is the question whether or not, with the rising cost of doing railroad business, new railroads can be operated with a profit. The second is whether or not we can secure the capital. Under present circumstances, as there is a grave uncertainty about the answer to these two searching questions, the builders of railroads in the United States have slowed down. Most of us do not care to undertake the responsibilities of spending the money that is now necessary to build new lines, and then face the even greater question of operating them at a living profit.

Therefore, under present conditions, the average amount of new railroad in this country in the next few years will fall short of the average for the last thirty years. No new lines of importance are being projected. The only expansion going on is a very minor matter, a matter of little extension into rich sections of important spurs and feeders. The builders of the railroads must wait until the problems of today are settled before they can plunge ahead and give their ambitions and their constructive plans free rein.—B. F. Yoakum in World's Work Magazine.

NEW STYLE OF LOCOMOTIVE

One Recently Constructed in Italy Seems to Run Backward as It Goes Forward.

There are very few modern American locomotives of unusual design. After years of experiment during which many extraordinary engines were proposed we have adopted certain fundamental types, and unless there is a complete revolution in the construction of our locomotives it is hardly possible that the engines of the future will be much different from those of the present.

In Europe and other foreign countries, however, they still continue occasionally to build an engine that embodies very unusual features. One of the latest was constructed for the Italian State railroads, and the cab was placed in front that the engineer might have the clearest possible view of the track ahead.

When in operation the engine presents a very strange appearance, says the Railroad Man's Magazine, for while it is actually running forward the action of the driving wheels would be considered backward in this country. The engine seems to run backward to go forward.

It is a four-cylinder compound, with the cylinders arranged in a peculiar manner, the two high-pressure cylinders being on one side of the locomotive, the two high-pressure cylinders on the other. Coal is carried in bunkers in the cab, though in this respect the accommodations for fuel are decidedly limited. Water is carried in the circular tank tender.

First Lunch Counter Car.

A Pacific railroad has installed a lunch counter car on a train running from San Francisco to Los Angeles. The counter extends the length of the car along one side, with the regulation lunch counter stools in front of the counter. Meals will be served at all hours.

Those newspapers which report this as the first lunch counter car ever run in America should look up their history. The Philadelphia, Wilmington and Baltimore ran two such cars between Baltimore and Philadelphia for about three years, 1863-66, as reported in the Railroad Gazette of December 19, 1844. The "eating bar" was about 25 feet long, the car 50 feet long, being divided by a transverse partition in the middle, and half of it being used as a smoking car.—Railway Age Gazette.

Country's Electric Railroads.

The electric railroads of the United States carry more than ten billions of passengers in a year; there are 1,300 of these electric railways; they own and operate 42,000 miles of track and 90,000 cars. They employ 250,000 persons; their capitalization is five billion dollars; their annual gross earnings are \$500,000,000. They operate street, elevated, underground, underwater, interurban and partly electrified steam railways. Twenty-six years ago electricity as motive power for any of these purposes was unknown.

Safe in Trying to Cross the Track.

"When is the next passenger train due?" asked an elderly woman of the depot agent in Fort Scott. "In about four hours, madam," replied the agent. "Any freights soon?" she asked. "Not till night." "Nor locals?" "Not till in the morning." "No other trains before the passenger?" "No." The old lady hesitated a moment and then said: "I s'pose it would be safe for me to cross the track."—Kansas City Star.

Appropriately Numbered.

A dining car that moves regularly out of Boston, says the Transcript, has for its number 588. Pronunciation serves to illustrate the unconscious humor which lurks in inanimate things.
